

American Integrity Restoration is “Teaming Up For Tammy”

American Integrity Restoration (AIR) participated in the recent Glastonbury Apple Harvest Festival 5K and Kids Fun Run. For every runner or walker that joined “Team Hot AIR”, American Integrity Restoration made a donation to Tammy Aston. Tammy, a Hebron resident, was diagnosed with stage 4 cancer this past June.

“Tammy is an active member of the community, and has a beautiful family. We couldn’t think of a better reason to do something healthy in her name. Not only did most of our staff, friends, family, and business associates get out on a beautiful fall day, but we raised money to help with the enormous costs of treatment for this disease” says Steve Weir, owner of AIR. “We had over 75 people on our team, with many more people finding out about our fundraiser the morning of the race, deciding to don our t-shirt and Team up for Tammy. Even local news celebrity Joe Furey enthusiastically joined up”.

In the end, Team Hot AIR numbered close to 100, winning “Largest Team”, “Fastest Team”, and top finishes in 3 different age groups.
